Maths: Complete the "Would You Rather..." fractions worksheet.

Instruction writing.

Next week in class, you will be making a magic wand AND writing instructions for how to make it. For homework, your job is to practise writing instructions for a different simple creation.

This will help you become an expert at giving clear, step-by-step directions!

Your Task: Create a Magic Potion!

Design a magical potion and write instructions for how to make it. Think carefully about **what your potion does, what ingredients it needs, and how it is made.** Use step by step instructions.

Girls football derby

Well done to all the girls who took part in the Harlyn football derby — it was fantastic to see so much energy, teamwork, and enthusiasm throughout the event. A special mention to the Year 4s for getting so involved and showing real determination on the pitch. Everyone represented their teams brilliantly and should be really proud of their effort, sportsmanship, and the way they supported each other. It was a great day of football all round!
