

Dear Parents/Carers,

This week, the children have completed the Multiplication Tables Check (MTC). It is a statutory assessment in England for year 4 pupils, designed to determine if they can fluently recall their times tables up to 12×12 . The check is administered online and is designed to help schools identify students who may need extra support in mastering their times tables.

Next week...

A brief outline of what we will be learning next week:

Maths	Time revision
English	Writing a guide for a pet dragon.
Science	Investigating how different acids affect enamel.
French	Weather phrases

Homework:

PSHCE – Puberty

This term in Year 4, we will be learning about growing up and how our bodies and feelings can change as we get older. We will explore the topic of puberty in a simple, age-appropriate way, helping children understand that these changes are a normal part of life. Alongside this, we will also be discussing families and relationships, focusing on respect, kindness, and how to build positive connections with others. These lessons are designed to support children's understanding of themselves and others in a safe and supportive environment. If you have any questions or would like to know more about the content we will be covering, please feel free to get in touch.
