SOCIAL MEDIA / GAMES

- 73% of children aged 8-10 use tablets to access the internet. 95% of children aged 11-15 use phones to access the internet.
- 99% of children aged 8-17 have regular access to the internet.

OFCOM media report 2024.

- 68% of children play games online. 32% of these played with strangers.

DANGERS OF SOCIAL MEDIA

- Cyberbullying
- Contact with people who are unknown to them
- Content is always there – once sent / uploaded it will create a digital footprint. Children don't know this cannot be removed.
- Fake news
- Exposure to content not appropriate to them
- Algorithms – Social media apps learn what you click on the most / like / search and they show you more of that content.
- Privacy concerns
- Mental health concerns
- Disrupted sleep
