PART II CONFIDENTIAL MINUTE

66-25 Committee Updates and Plans

Finance – The Finance Chair reported that there has not been a Finance Meeting since the last Full Governing Board Meeting in July. He summarised that a Licenced deficit sum exists for this financial year, at £248K. As reported before this is a result of the change in numbers on the school roll and formulaic funding with little flexibility.

There has been little change but more information will be available following next week's Finance Meeting.
