Dear Parent/Carer,

As you may remember, Ofsted inspected the school on the 10th & 11th December 2024. It was a Section 5 inspection under the Education Act 2005, known as a 'graded' inspection. Ofsted have now issued their report which has been emailed to you along with this letter.

Although schools are no longer given an 'overall effectiveness' grade as before to determine that a school is, for example 'Good', you can see that Harlyn has achieved 'Good' grades for each of the 5 areas that were inspected. **Therefore, it is fair to conclude that the school has maintained its 'Good' status.**

The inspectors commented verbally and in the report about the '*high expectations*' that the school has for both behaviour and academic achievement. They referenced that the school's performance against national averages is '*in line with, and in a few subjects, above national averages.*'

Importantly, the report shows that all children are '*kept safe*' and are well cared for in a '*safe and supportive environment*' and that they are '*well prepared for the next stages of their education*'.

The inspectors recognised the ongoing work the school does to further develop its teaching and learning. They point out that some subjects have already got a curriculum described as '*effectively designed*'. We are continually working to develop all subjects in this way. As a school that always strives for better for its pupils, curriculum development continues to be one of our key priorities and is constantly reviewed.

I am delighted that the contributions to questionnaires made by staff, pupils and parents were very positive and that the school's '*welcoming and supportive culture*' has been highlighted. I trust that this is yours / your children's experience of the school.

My thanks to those of you who took the time complete the questionnaire.

Yours sincerely,

Mr S Jones
